technology

Changes in what
consumers want

Products and
services
becoming
obsolete

WHY NEW BUSINESS IDEAS COME ABOUT

New business ideas usually arise because of changes in society and consumer trends.

These usually include:

- **Changes in Technology**
 - Making expensive technology affordable
 - E-commerce and M-commerce (payment platforms)
 - Social Media
- **Changes in what consumers want**
 - Lifestyle, Culture and Demographics
 - Changing 'WANTS' and 'NEEDS'
 - Business constantly reviewing customer data

Changes in Technology

- Technology continues to advance at a rapid rate which **provides entrepreneurs and businesses with the opportunity to take advantage of gaps in the market.**
- But what does the term ‘changes in technology’ mean in the business world?
- It can refer to a wide range of advancements, from the increasing power of web technologies, to the continually improving smartphone and computer technologies available.
- For example, **E-commerce (any business transaction that takes place using the internet)** and **M-commerce (any business transaction which takes place through a mobile device)** have changed the way business is conducted forever.
- Paving the way for businesses to operate and sell to a much wider audience outside of their local communities and presenting the opportunity for anyone to become an entrepreneur.
